Lily Stripe Wallpaper LSW002 Pebble

Lily Stripe is a modern take on a traditional botanical design. Originally a still life drawing, this bold stripe shows off the intricate details of the original illustration. The design of this wallpaper is extremely dynamic. It's organic, structured, feminine, masculine, bold and soft all at the same time. The artistic skill is evident in the print's transference from pen drawing to high-quality digital print. All colours of Lily stripe have an identical coordinate printed on 100% linen.
